Professional Experience

Freelance Web designer/developer (www.iamkeir.com)

November 2001 - to date

- Hand-coding valid and accessible websites using XHTML and CSS.
- Development of back-end web applications using PHP/ASP and MySQL/Oracle.
- Interface design using Photoshop.
- Past clients include Zurich, University of Bristol, McCann Erickson, Enable Interactive and Carlson Marketing.
- Regular contributor to popular UK technology blog - <http://ok-cool.com>

Web Developer, New Media Team, Zurich, Swindon. (www.zurich.co.uk)

July 2006 – Sept 2006

- Designed and developed the website for Dunbar Bank.
- Developed concepts for a mini-site to promote Zurich's primary broker incentive scheme - an all expenses paid trip to Boston awarded to Zurich's highest-performing employees.
- Presented various concepts to external clients and contributed to the development of Zurich's UK website and other websites under the Zurich Group.

Web Developer and IT Officer, University of Bristol. (www.bristol.ac.uk)

April 2004 – Sept 2005

- Designing and developing the Careers Service website using XHTML, ASP, CSS, Oracle and ZOPE, and ensuring that the University's accessibility guidelines are continually met.
- Identifying the need for developing new and existing systems for staff and students, and the subsequent development and/or sourcing of appropriate systems.
- Identifying IT training needs within the department, and preparing and delivering training programmes through one-to-one and group sessions.

ICT Officer, Community Learning and Libraries, Newport City Council. (www.newport.gov.uk)

September 2003 – April 2004

- Implementation and administration of new course booking and management database system.
- Responsible for training and support of front-end users of the new system and related software.
- Liaising with the ICT Co-ordinator regarding hardware and software issues, upgrades and system development proposals.
- Web development for the intranet database User Guide and FAQs.

Project and Database Administrator, PPD development, Cambridgeshire. (www.ppd.com)

October 2002 – April 2003

- Collating data through daily liaisons with representatives from all over Europe.
- Precise and accurate data entry, report running and data checking working with an Oracle database.
- Professional etiquette within an international company.
- Email and telephone correspondence, word processing, Excel spreadsheets, photocopying, faxing and accurate and organised filing.
- Demanded meticulous organisation, including developing my own processes to maximise efficiency, due to the volume of information received daily.

Various Sales Assistant positions, NEXT/GAP/Gilesports, retail chain stores, Cambridge.

NEXT (Feb 2002 – Feb 2003), Gilesports (Nov 2001 – Feb 2002), GAP (May 2001 – Nov 2001)

- Fully trained on various departments in sales and customer service, including supervisory roles.
